

WELCOME TO YOUR VIRTUAL LEARNING JOURNEY

We are excited for you to join us in the upcoming virtual class series! You'll learn from experts while engaging with your peers. It's learning together, online.

Partner with Peers

You'll network with like-minded peers throughout the online journey, to share best practices and learn from each other. Plan to actively contribute to the online discussions.

Learn Efficiently

The short online classes require your complete attention throughout, so please partner with your team to schedule your time accordingly. Plan to be fully present during class time, so you can interact and engage.

Fully Online

The program will take place online so that you can learn from the comfort of your own home or office. Plan to test your device in advance to ensure good quality connectivity.

In addition to the online classes, you will be asked to complete some assignments on your own. Full details, including time requirements, will be available in your program packet. The most important thing you can do now is to prepare yourself and get ready to learn!
